

Modified round type yarn trap

Modified round type yarn trap

Description:

Yarn trap modification includes round type metal tube with suitable connector for fitment in in existing location. The exiting introducer is re-worked with specialized tools for fixing round tube in place of rectangular tube.

Machine: Automatic Winder Polar and Orion

Validity: Polar 2007 to 2014 & Orion -2001 -2010

Kit codes: 4999.9999.01/8

Features and benefits:

- Round tube yarn trap minimizes the chocking while processing waxed yarns and coarse counts.
- Easy to clean and maintain.
- Minimizes the extra yarn on the package and extra cycles.
